

Sale Profile

Sale Profile application - a view of the Sale by Sale Type and by Sale Status. Each of the 4 sashes represents a Sale Type. To Open the Sale Profile Application you access it from the Main Menu.

Each **Sale Type** has 4 **Sale Status** buttons that are used to filter the display. The buttons are cumulative. Sale Status may be controlled or changed in the Auction Administration's Sale Tab. The 4 Sale Status Types are described below.

The screenshot shows a 'Sale Profile' window with a sidebar on the left containing filters for 'Consignment Sales' (3 items), 'Open Sales' (1), 'GSA Sales' (0), and 'Factory Sales' (0). The 'Consignment Sales' filter is expanded to show 'Created' (1), 'Pending' (0), 'Current' (1), and 'Closed' (1). The main area displays a table of sales with columns: Date, Time, Name, Type, Status, Vehicle Count, Bidder Count, Seller Count, Guest Count, and Res. Allocation. A red box highlights the 'Sales Type' dropdown (set to 15) and the 'Sale Status' filter. Below the table, there are tabs for 'Lane Detail', 'Registered Buyers', 'Registered Sellers', 'Run Numbers', and 'Registered Guests'. The 'Lane Detail' tab is active, showing a summary table with 'Count' and 'Percent' for 'Sold', 'If Sale', 'No Sale', and 'Thru Block Total'. To the right, there is a 'REPORTS' sidebar with various report options like 'Pre Sale List', 'Vehicle Statement', 'No Sale Report', 'Factory Reports', 'Seller Run List', 'Counter List', 'Block Report', 'Accounting Reports', 'Administrative Reports', 'Payment Reports', and 'Sales Reports'.
