

Transportation and Service

Transportation and Service application - displays Vehicles in Stock (Fleet / Lease). The summary sections contain a selected Vehicle's make, model, and current state. All 'Active' and 'Off-Site' Vehicles are loaded into this application.

The grid displays Vehicles based on the sash and button(s) selected. The 3 sashes or groups of Vehicle States are:

- **Pick Up**
- **Service**
- **Delivery**

It is possible to Search for a vehicle according to VIN8 (last 8 digits of the VIN) or VSN (6 digits).
